

After the Accident

When you've been injured in a car accident, there are several steps you can take in order to strengthen your legal claim and protect your rights to compensation, such as:

- **Seek medical attention immediately.**
Sometimes serious injuries take time to surface. That's why it's important to see a doctor, even if your injuries seem minor. Make sure to follow the physician's instructions and to document the details of each visit.
- **Inform your insurance company.**
Let your insurance company know as soon as possible, but refrain from talking to the other driver's insurance company without first consulting a Kansas car accident lawyer.
- **Obtain a copy of the police report.**
If an officer reported to the scene of the accident, he will complete an accident report form that you can obtain a copy of either at the crash scene or at your local police station.
- **Call DeVaughn James Injury Lawyers.**
Our Kansas car accident attorneys will answer your questions and help you get the compensation you need for your injuries. Call us now at **(800) 834-8400**.
