

DeVaughn James Opens New Office in Topeka, Kansas!

When we opened the doors of DeVaughn James in 2012, we were working out of a home office and had 5 teammates. Now, we are currently operating out of two offices in Wichita and have over 75 teammates fighting hard for injured Kansans! Our goal is to continue to grow and be accessible to people all over Kansas! That is why we are excited to officially announce the opening of our 3rd office location in Topeka! Partner and owner, Dustin DeVaughn has been looking forward to this expansion for quite some time. "We are honored and humbled by the support of our team, clients and community, not only during this new venture, but throughout the years as we continue to grow!"

Leading the Topeka office will be our very own, Jessica Brunken, who will be returning home to Topeka and acting as the managing attorney! Jessica is licensed to practice law in Kansas and the United States District Court for the District of Kansas. She was born and raised in Topeka. Graduating from Washburn Rural, she later received her undergraduate degree from Washburn University, where she majored in political science. She also went to law school at Washburn University School of Law. While at Washburn Law, Jessica had the privilege of working as an intern for the in-house counsel at Topeka Metropolitan Transit Authority. Partner and owner, Richard James said, "We are extremely proud of Jessica's growth as an attorney and trust that she will do a fantastic job representing DeVaughn James and advocating for the Topeka community!"

After relocating back to Topeka, Jessica immediately focused on helping people in Topeka, Emporia, Manhattan and Junction City get their life back following a car accident. "I am very excited about moving back to Topeka, it is home for me and my family." said Jessica, "I'm happy to be able to provide the DeVaughn James Injury Lawyers experience to even more people who have been hurt and need help battling the insurance companies."

"The service and attention I received from everyone at DeVaughn James has been above and beyond expectation. My attorney, Jessica Brunken, went out of her way to ensure my satisfaction was met!" - A.A

WHAT JESSICA'S CLIENTS SAY:

"My attorney, Jessica Brunken was all the things I liked about DeVaughn James. They are straight forward, very professional, and friendly." - B.M

DeVaughn James Injury Lawyers Recognized in the Wichita Business Journal.

40 under 40 Hall of Fame!

The Wichita Business Journal announced four professionals in Wichita, Kansas who have been selected to join the 40 Under 40 Hall of Fame. In the article that was released early June, they explained that each person was named to a previous 40 Under 40 class and has remained in Wichita to grow their career and help the community prosper.

The 40 under 40 program was created in 1998 and Dustin was first nominated in 2013. Since then, Dustin along with his partners Richard James and Cody Claassen, have fought diligently for the rights of injured Kansas, growing DeVaughn James into what it is today!

"From the very beginning, Dustin and I set goals and made a promise to provide the best quality of legal services we could to Kansans." Richard James explained. "Dustin has kept that promise and has gone above and beyond for our community. It has been an honor to work alongside him and he couldn't be more deserving of this recognition!"

Top Women Who Lead!

On behalf of DeVaughn James Injury Lawyers, we are excited to announce that Maribel Morales, Intake and Marketing Manager, was recognized as one of the top women professionals who lead in marketing and communications in the Wichita Business Journal.

"We are very proud of Maribel's success managing our intake department and we are confident that she will take our marketing department to the same level!" - Dustin DeVaughn

"The decision to have Maribel handle our local marketing was an easy one, we knew Maribel would be the perfect person to manage and lead the department!" - Richard James

PARAQUAT HERBICIDE LINKED TO PARKINSON'S DISEASE

An alleged link between the weed-killing herbicide Paraquat and Parkinson's disease has recently developed. Some of the many brands of Paraquat that are on the market include Gramoxone, Helmquat, Firestorm, Parazone, and dozens more. Studies have found that individuals exposed to Paraquat have 2.5x greater risk of developing Parkinson's disease. Usage data shows Kansas has a high concentration of land where Paraquat has been applied, making it possible you have been exposed.

If you or a loved one has been exposed to Paraquat and has Parkinson's disease, we want to help you. We would like to help recover damages for you from the manufacturers of Paraquat. Our No Fee Guarantee, makes the process risk-free.

If we don't recover a settlement for you, you don't owe us a fee.

Call us today at 888-8888 or toll free at (800) 834-8400 for a FREE consultation.
