

Q & A with DeVaughn James Injury Lawyers

Dustin DeVaughn

Q. "How do I know if I have a personal injury case?"

A. If you have been injured, you may be wondering whether you have a personal injury claim or not. A Personal Injury is an injury as a result of someone's negligence. Negligence is carelessness and failure to take proper care in doing something, whether that's not following traffic laws and causing a collision or not taking proper care of a property and causing injury. If another person's carelessness resulted in your injuries, you may have a personal injury claim!

Richard James

Q. "Will I have to go to trial?"

A. "Our firm is experienced in negotiating on your behalf and will always advise as to what is in your best interest so you can make an informed decision. Approximately 80% of our cases settle before filing a lawsuit. Even if you decide to file a lawsuit, very few cases go to trial, less than 3%. However, if the at-fault insurance company refuses to negotiate in good faith or accept responsibility, our experienced trial team will be ready to take your case to trial."

If you were injured due to someone else's negligence, we know you may have questions about your potential case! Give us a call for your free consultation.

DVJ UNDER CONSTRUCTION

The DeVaughn James East Wichita location is expanding and will be under construction for the remainder of 2022. We are adding office space, a comfortable front entrance and a new conference room to better serve our clients and team! Take a look at the progress of construction and enjoy a sneak peak of what it will look like in 2023!

Yumber's Apple Turnovers

Ingredients:

- ☐ 4 cups water
- ☐ 4 sliced apples
- ☐ 2 tablespoons butter
- ☐ 1 cup brown sugar
- ☐ 1 teaspoon ground cinnamon
- ☐ 1 tablespoon cornstarch
- ☐ 1 tablespoon water
- ☐ 1 package frozen pastry sheets
- ☐ 2 tablespoons lemon juice

1. Preheat the oven to 400 degrees F (200 degrees C) then combine the lemon and 4 cups water in a large bowl.
3. Melt butter in a skillet. Drain water from apples, place them into the skillet and stir for 2 minutes. Add brown sugar, cinnamon, cornstarch and 1 tablespoon water, mix well until sauce has thickened.
4. Cut pastry sheets into smaller squares. Spoon apples onto the center of each square. Fold over into a triangle shape, and press edges together to seal.
5. Bake for 25 minutes. Cool completely and add your desired toppings!

MARINE CORPS BASE

CAMP LEJEUNE WATER CONTAMINATION

If you or your family lived at or near Camp Lejeune in North Carolina for 30+ days between August 1, 1953 and December 31, 1987, you may have been exposed to toxic substances in the water and the government has determined you could be eligible for compensation.

Testing found that drinking water sources at Camp Lejeune were contaminated with: Benzene, TCE, PCE, VC. All of these chemicals are Carcinogenic which can cause cancer. The Camp Lejeune officials were aware of the contamination; however, they never addressed the problem. These medical conditions have been linked to this exposure; Cancer, Adult Leukemia, Non-Hodgkin's Lymphoma, Multiple Myeloma, Parkinson's Disease, Aplastic Anemia, other Myelodysplastic Syndromes, Hodgkin's Lymphoma, Multiple Sclerosis, Female Infertility, Miscarriage and Birth Defects.
